HOW ARE WE MORE ESG?

At portfolio institutional we are **leaders** in ESG.

We are ESG focused not only in our content but also the magazine itself. Using vegetable ink, compostable packing and FSC approved paper, we ensure we are practising what we preach.

Each month our ESG feature educates and informs our audience of investors on the latest ESG topics.

Being a member of our ESG Club gives our members the opportunity to also educate our readers on what their organisations beliefs and actions are in regard to specific ESG subjects to aid them further in their decision making.
